SUBJECT: Limited Funds Policy for Adult Employment and Training Services

PROPOSED MOTION(S): Recommend to the WIB that they declare limited funds are available for Adult Employment and Training Activities. Exceptions under this policy include candidates in the Licensed Vocational Nursing, Registered Nursing, and basic Police Academy Training programs

DISCUSSION: On April 3, 2006, the Executive Committee voted to revoke the Limited Funds Policy that gives preference to low-income individuals for receipt of intensive and training services. The action was ratified by the WIB on May 11, 2006. At that time statistics indicated that we should not have a problem serving all appropriate candidates in intensive and training services. For the current fiscal year, this may not be the case. Due to a decreased budget for formula funding, we may have to choose a limited number of candidates for intensive and training services as the budget allows. In a situation when we have 2 equally qualified candidates, priority must be given to low- income individuals.

Priority is explained in detail under WIA Section 134 (d)(4)(E) Priority. In the event that funds allocated to a local area for adult employment and training activities under paragraph (2)(A) or (3) of section 133(b) are limited, priority shall be given to recipients of public assistance and other low-income individuals for intensive services and training services. The appropriate local board and the Governor shall direct the One-Stop operators in the local area with regard to making determinations related to such priority.

The Regulation – Subpart F- Priority and Special Populations 663.600:

(a)WIA states, in section 134(d)(4)(E), that in the event that funds allocated to a local area for adult employment and training activities are limited, priority for intensive and training services funded with Title I adult funds must be given to recipients of public assistance and other low-income individuals in the local area.

(b) Since funding is generally limited, States and local areas must establish criteria by which local areas can determine the availability of funds and the process by which any priority will be applied under WIA section 134(d)(2)(E). Such criteria may include the availability of other funds for providing employment and training-related services local area, the needs of the specific groups within the local area, and other appropriate factors.

(c) States and local areas must give priority for adult intensive and training services to recipients of public assistance and other low-income individuals, unless the local area has determined that funds are not limited under the criteria established under paragraph (b) of this section.

(d) The process for determining whether to apply the priority established under paragraph (b) of this section does not necessarily mean that only the recipients of public assistance and other low-income individuals may receive WIA adult funded intensive and training services when funds are determined to be limited in a local area.

The local Board and the Governor may establish a process that gives priority for services to the recipients of public assistance and other low-income individuals, and that also serves other individuals meeting eligibility requirements.
