SUBJECT: Needs Assessment & Gap Analysis Board of Supervisor Presentation

PROPOSED MOTION(S):

DISCUSSION: Nellie McGarry, Youth Council Chair and Jerry Johnson, Chair of the Planning and Quality Assurance Committee formally presented the Needs Assessment Survey and resulting Asset Map and Gap Analysis publications to the Merced County Board of Supervisors on March 19, 2002.

Through this presentation, the Youth Council and the Planning and Quality Assurance Committee can now proceed with the distribution to the seven communities affected by the survey and gap analysis.

This will be done by the committee and consist of a formal presentation to the appropriate city councils and other governmental agencies.

Since asset mapping and gap analysis are a dynamic process, additional surveying the needs of our youth and determining the available resources to meet those needs will continue. The Youth Council also wants to be able to provide assistance, within the limits of our resources, to assist communities in filling the asset needs identified.
