**PROPOSED MOTION(S): N/A**

**DISCUSSION:** Since there was not a good response to the planned tours, the Executive Committee decided on an alternate approach. In order for WIB members to visit and get to know the various workforce development agencies and training sites, the Executive Committee chose to have the various WIB committees schedule their meetings at the sites. This way they could conduct their meeting and have a brief tour of the facility or training site. The committee Chairs are asked to consider site locations when scheduling meetings.
