SUBJECT: RN/LVN Program Review

PROPOSED MOTION(S): Information/Discussion Only.

DISCUSSION: There have been 43 Registered Nurses and 30 Licensed Vocational Nurses who completed training and obtained employment in their respective field of study, for a total of 73. This includes those who were on the contract and those who were enrolled receiving only supportive services. There were 6 LVNs and 3 RNs who started training but did not complete. Of the 9 that did not complete, 8 were employed at Exit in a variety of positions. The 1 not employed at exit was involved in an automobile accident and sustained serious injuries that have precluded her from seeking employment. The following information shows where the nurses were working after they completed training:
