As a result of our EITC Program a Merced County employer specializing in construction, roofing, siding and sheet metal has requested assistance for his employees in amending tax years 1999, 2000 and 2001. Mr. Roger Blaine owns / Blaine Incorporated, 7313 No. Pacific Avenue, Livingston, California. Most of his employees were not aware of earned income tax credits and most have never claimed credits of any kind. The company employs 10-19 people. My estimate per family's return could result in amended returns to each family ranging from \$5,000.00 to \$10,000.00. *Families qualify on individual qualifications and earned income levels.* Mary Ronell, Senior Tax Specialist will be assisting us in amending returns one day in the month of May 2003. Due to Ms. Ronell's busy schedule that typically follows tax season she has not been able to confirm the date to amend Blaine's returns.
