FROM: Executive Committee

SUBJECT: Eligible Training Provider List (ETPL) subsequent eligibility determination.

PROPOSED MOTION(S): Ratify the Executive Committee's decision to grant subsequent eligibility to the courses of instruction listed on the attached.

DISCUSSION: All programs of study that are initially listed on the ETPL must be determined, within 18-24 months of initial listing and annually thereafter, to be eligible to remain on the ETPL. This determination is called "subsequent eligibility" [see WIA Section 122(c)(1) and 20 CFR §663.530]. The State declared in its draft policy that subsequent eligibility determinations will be made on a quarterly basis beginning with the programs that were determined initially eligible and included on the ETPL during the July-September 2000 quarter.

The Standards & Certification Committee reviewed the outcomes data for these courses relative to the Governor's mandated performance standards and in light of the mitigating factors which a Local Board may consider in its deliberations. The Committee recommended that the courses listed on the attachment be declared subsequently eligible by the Board. The Executive Committee acted to grant subsequent eligibility to the courses at its meeting of April 8, 2002 in order to meet the deadline for such determination which was April 30, 2002.
