For Action

For Information

For Discussion

SUBJECT: Discuss the Ongoing Local Performance Measure Negotiations With the State

PROPOSED MOTION: To review and discuss possible adjustments to local performance measures being negotiated with the state.

DISCUSSION: As a requirement of receiving Workforce Investment Act funds, the Workforce Investment Board must agree to performance standards in the following areas: Placement rates, wage improvement, retention rates, credential attainment, high school diploma or equivalent rate, and customer satisfaction.

It is important for the Quality Assurance Committee to review these figures on a periodic basis.
