**SUBJECT: One-Stop Career Center System Survey Report**

**PROPOSED MOTION(S): Information only.**

**DISCUSSION: The Employment Development Department has released the 2006 One-Stop Career Center System Survey Report. The One-Stop survey is completed once every two years to get updated information about how California's One-Stops are operating, and the services that are provided to customers.**

**This report provides an overview of responses provided by individual career centers, and is designed to serve as a snapshot in time for California's One-Stop Career Center System.**

## EXECUTIVE SUMMARY

This report presents the results of the third systematic survey of California's One-Stop Career Centers, and is the first to be completed online. The results provide a description of the One-Stop Career Center System as it operated in the spring of 2006. The following background should be considered in reviewing this report:

- Survey respondents were Career Centers administered by California's Local Workforce Investment Areas (Local Areas) and that receive their core funding through the Workforce Investment Act.
- This is a descriptive report, not an evaluation or a compliance document.
- This report is based on self-reported information from Local Areas and One-Stop Career Center sites.
- The survey results are incorporated into an electronic database that can be kept current with data collected in the future. It can provide important information to understand and manage descriptive detail about California's One-Stop Career Center System.
- All information obtained through the survey process has been entered into the California One-Stop Information (COSI) database. The Employment Development Department (EDD) anticipates ongoing interest in the data collected and is developing a process through which requests for information may be made and fulfilled.

This report is intended for a wide range of partners, both those who are knowledgeable about California's workforce development environment, and those who are engaged in the Workforce Investment Act (WIA) programs at the federal, state, and local levels.

### ***Key Survey Information:***

- There are 273 reported WIA-funded One-Stop Career Center sites (comprehensive, affiliated, specialized, kiosks, and mobile units)<sup>2</sup> throughout California. With the decrease in WIA funding, this represents a substantial decrease from 444 in 2001, to 500 reported in 2003.
- For the purposes of this report, a count of 273 (100 percent of respondents) was used to calculate responses from all sites, unless otherwise noted. The other count used was 232 (which excluded kiosk sites).
- In some cases,<sup>3</sup> the percentages were still calculated based on a count of 273 or 232.

---

<sup>2</sup> Comprehensive sites provide all WIA and mandatory partner programs and services onsite. Comprehensive sites are often referred to as "full-service" sites. Each Local Area is required to have at least one comprehensive site. Affiliated and specialized sites receive WIA funding and provide some mix of WIA and/or partner programs and services, but are not considered to be "full-service."

<sup>3</sup> Not every site provided responses for every question

- Whenever 100 percent is represented in the survey responses, it is because the service may be provided in a variety of ways, e.g., onsite, offsite, or electronically, so there may be duplicate counts, actually resulting in more than 100 percent.
- Each of California's 50 Local Areas reports operating at least one comprehensive One-Stop Career Center.
- Twenty-eight Local Areas have one facility operator, with the remaining 22 having more than one. The Local Areas with the largest number of facility operators are Los Angeles City, and Los Angeles County, respectively.
- Eighty-nine percent of the One-Stop Career Centers are within three blocks of public transportation.
- Ease of access to buildings and services for special needs populations is varied.
- Nearly all One-Stop Career Centers provide outreach to, and screen for, a variety of special needs populations.
- A majority of the mandatory WIA Partners/Programs are participating in local One-Stop Career Center Systems through negotiated Memoranda of Understanding (MOUs).
- All 50 Local Areas offer Core, Intensive, and Training services under the WIA.
- Fifty percent of the Local Workforce Investment Boards anticipate implementing significant changes in their service delivery structures affecting 22 percent of the One-Stops statewide.

The survey database can be expanded as additional information is acquired in the future. The information presented in this report may lead to more specific questions about the One-Stop Career Center System. Some of those questions can be answered from the database. Other questions may require in-depth research.

## **PART I:**

### **BACKGROUND AND METHODS**

The One-Stop Career Center Survey Report summarizes the results of the 2006 One-Stop Career Center Survey of all 50 California Local Workforce Investment Areas (Local Areas) and One-Stop Operators as defined in Workforce Investment Act (WIA) Section 121 (d) One-Stop Operators. The Employment Development Department (EDD) conducted the project with cooperation and participation from State-level partners.

The survey project consisted of three phases:

1. Phase One of the on-line survey was distributed to all 50 Local Areas in January 2006.
2. Phase Two of the on-line survey was distributed to all One-Stop Career Center Operators in May 2006.
3. Follow-up telephone calls were made to respondents to complete and/or clarify survey responses.

Information from this process has been incorporated into the revised California One-Stop Information (COSI) database that is maintained as a continuing source of factual information of California's One-Stop Career Center System by EDD.

#### **Background:**

The EDD conducted the third systematic survey of the California One-Stop Career Centers in 2006. The information gathered is specific to One-Stop Career Centers administered by the Local Areas and that receive their core funding through the WIA. This information will be used in a variety of ways by workforce development professionals to continue to define the One-Stop Career Center role in California. In addition, this information is provided to the United States Department of Labor to update America's Service Locator database.

#### **Survey Methods:**

The three phases of the survey process began with gathering and updating One-Stop Career Center information, so that the established database could be populated. Following the identification of information sources, staff developed an on-line survey and distributed Part One to all Local Areas to be completed and returned so that the information in the database could be revised and expanded. The survey requested information only about those One-Stop Career Center Operators that receive some level of WIA funding.

After Part One of the survey was distributed, EDD's Regional Advisors made follow-up telephone calls to respondents to complete and clarify survey responses. Part Two of the survey was then distributed to all identified One-Stop Operators for completion, and returned to incorporate into the database. Part Two of the survey requested information on all One-Stop facilities operated by each identified One-Stop Operator.

The survey questionnaire was divided into two parts:

- Phase One: Local Workforce Investment Boards
- Phase Two: One-Stop Career Center Operators (with One-Stop Career Center Facilities Operated)

The on-line survey was designed to gather information in four categories:

- Operations
- Public accessibility, including assistive technology
- Partners/Programs/Services
- Outreach

The intent of the survey was to gather enough relevant information to provide an accurate and objective description of the One-Stop Career Center System and to guide local, State, and federal-level policymakers as they promote and support the continuous improvement of the system.

The survey was developed by using the 2001 written survey as the base, and with the cooperation and participation of State-level partners, adding relevant questions. Two stakeholder meetings were held to develop what information should be captured on the survey. The process was designed to be inclusive to ensure that as much information as possible would be gathered at one time.

The survey tool was reviewed by the EDD's Audit and Evaluation Division, Customer Survey Services Unit, before distribution. A beta test was done with Sacramento Employment and Training Agency, prior to the release of Part Two of the survey. The EDD's Labor Market Information Division automated the 2006 survey and conducted the survey on-line.

## PART II:

### LOCAL WORKFORCE INVESTMENT AREAS

Local Workforce Investment Areas (Local Areas) represent the basic governmental/administrative structure under the Workforce Investment Act (WIA) for the receipt and expenditure of funding and for the delivery of workforce investment services. Each Local Area has a designated local chief-elected official, and each Local Area operates and maintains its own One-Stop Career Center System. Federal WIA funding is distributed by an allocation formula to Local Areas. The funding is distributed and expended within the Local Areas following policy established by the Local Workforce Investment Boards, which include representatives from all mandated One-Stop Career Center programs, as well as a majority membership from the private sector.

Local Areas vary dramatically in geography, demographics, industry, and economy. Under the WIA, the programs, infrastructure, partnerships, and services are configured to best serve each Local Area's communities. Understanding something about each Local Area, then, is supportive of an understanding of the various One-Stop Career Center delivery systems throughout the state, particularly when considering systemic differences between different Local Areas' systems.

The following is a list of California's Local Workforce Investment Areas.

#### CALIFORNIA LOCAL WORKFORCE INVESTMENT AREAS

<b>Alameda County</b> <i>Local Area: Alameda County, excluding the City of Oakland</i>	<b>Carson, Lomita, Torrance Consortium</b> <i>Local Area: Cities of Carson, Lomita, and Torrance</i>
<b>City of Anaheim</b> <i>Local Area: City of Anaheim</i>	<b>City of Long Beach</b> <i>Local Area: Cities of Long Beach and Signal Hill</i>
<b>City of Los Angeles</b> <i>Local Area: City of Los Angeles</i>	<b>City of Oakland</b> <i>Local Area: City of Oakland</i>
<b>City of Richmond</b> <i>Local Area: City of Richmond</i>	<b>City of San Bernardino</b> <i>Local Area: City of San Bernardino</i>
<b>City of Santa Ana</b> <i>Local Area: City of Santa Ana</i>	<b>City of San Jose/ Silicon Valley Workforce Investment Area</b> <i>Local Area: City of San Jose and the balance of Santa Clara County not served by Northern Valley Job Training Consortium (NOVA)</i>

<p><b>Contra Costa County</b>  <i>Local Area: Contra Costa County, excluding the City of Richmond</i></p>	<p><b>Foothill Consortium</b>  <i>Local Area: Cities of Arcadia, Duarte, Monrovia, Pasadena, Sierra Madre, and South Pasadena</i></p>
<p><b>Fresno County</b>  <i>Local Area: Fresno County</i></p>	<p><b>Golden Sierra Consortium</b>  <i>Local Area: Alpine, El Dorado, Nevada, and Placer counties</i></p>
<p><b>Humboldt County</b>  <i>Local Area: Humboldt County</i></p>	<p><b>Imperial County</b>  <i>Local Area: Imperial County</i></p>
<p><b>Kern, Inyo, and Mono Consortium</b>  <i>Local Area: Kern, Inyo and Mono Counties</i></p>	<p><b>Kings County</b>  <i>Local Area: Kings County</i></p>
<p><b>Los Angeles County</b>  <i>Local Area: The unincorporated areas of Los Angeles County, excluding the City of Signal Hill</i></p>	<p><b>Madera County</b>  <i>Local Area: Madera County</i></p>
<p><b>Marin County</b>  <i>Local Area: Marin County</i></p>	<p><b>Mendocino County</b>  <i>Local Area: Mendocino County</i></p>
<p><b>Merced County</b>  <i>Local Area: Merced County</i></p>	<p><b>Monterey County</b>  <i>Local Area: Monterey County</i></p>
<p><b>Mother Lode Consortium</b>  <i>Local Area: Amador, Calaveras, Mariposa, and Tuolumne counties</i></p>	<p><b>Napa County</b>  <i>Local Area: Napa County</i></p>
<p><b>North Central Counties Consortium (NCCC)</b>  <i>Local Area: Colusa, Glenn, Lake, Yuba, and Sutter counties</i></p>	<p><b>Northern Rural Training and Employment Consortium (NoRTEC)</b>  <i>Local Area: Butte, Del Norte, Lassen, Modoc, Plumas, Shasta, Siskiyou, Tehama, Trinity , and Sierra counties</i></p>
<p><b>Northern Valley Job Training Consortium (NOVA)</b>  <i>Local Area: Cities of Cupertino, Los Altos, Milpitas, Mountain View, Palo Alto, Santa Clara, and Sunnyvale</i></p>	<p><b>Orange County</b>  <i>Local Area: Orange County, excluding the Cities of Anaheim and Santa Ana</i></p>
<p><b>Riverside County</b>  <i>Local Area: Riverside County</i></p>	<p><b>Sacramento County/City</b>  <i>Local Area: County and City of Sacramento</i></p>
<p><b>San Benito County</b>  <i>Local Area: San Benito County</i></p>	<p><b>San Bernardino County</b>  <i>Local Area: San Bernardino County, excluding the City of San Bernardino</i></p>

<b>San Diego County/City</b> <i>Local Area: San Diego County</i>	<b>San Francisco County/City</b> <i>Local Area: City/County of San Francisco</i>
<b>San Joaquin County</b> <i>Local Area: San Joaquin County</i>	<b>San Luis Obispo</b> <i>Local Area: San Luis Obispo County</i>
<b>San Mateo County</b> <i>Local Area: San Mateo County</i>	<b>Santa Barbara County</b> <i>Local Area: Santa Barbara County</i>
<b>Santa Cruz County</b> <i>Local Area: Santa Cruz County</i>	<b>Solano County</b> <i>Local Area: Solano County</i>
<b>Sonoma County</b> <i>Local Area: Sonoma County</i>	<b>South Bay Consortium</b> <i>Local Area: Cities of El Segundo, Gardena, Hawthorne, Hermosa Beach, Inglewood, Lawndale, Manhattan Beach, Redondo Beach</i>
<b>South East Los Angeles County (SELACO) Consortium</b> <i>Local Area: Cities of Artesia, Bellflower, Cerritos, Downey, Hawaiian Gardens, Lakewood, Norwalk</i>	<b>Stanislaus County</b> <i>Local Area: Stanislaus County</i>
<b>Tulare County</b> <i>Local Area: Tulare County</i>	<b>Ventura County</b> <i>Local Area: Ventura County</i>
<b>Verdugo Consortium</b> <i>Local Area: Cities of Glendale, Burbank, and La Canada-Flintridge</i>	<b>Yolo County</b> <i>Local Area: Yolo County</i>

## PART III:

### SURVEY RESULTS

The purpose of the survey was to gather basic, up-to-date information about California's One-Stop Career Center System. This information will serve as a resource to interested parties, including State and local-level policymakers in their efforts to ensure the continued support and technical assistance to the One-Stop Career Center System.

#### TERMS USED IN THE WRITTEN SURVEY

<b>Term</b>	<b>Glossary Definition for the Purpose of this Survey Only</b>
Affiliated One-Stop Site	A site that provides one or more of the programs, services, and activities of the One-Stop partners, and receives some Workforce Investment Act (WIA) funding.
Comprehensive One-Stop Career Center	A One-Stop career center that provides all core services specified in the WIA Section 134(d)(2), and provides access to the other activities and programs provided under WIA and by each One-Stop partner.
Core Services	Core services, WIA Section 134(d)(2), are available to all adults age 18 years or older and dislocated workers. These services promote current and future employment potential, job retention, earnings, and occupational skill attainment.
In-Kind Contribution	In-Kind Contribution, WIA Final Regulations Section 662.270, refers to the funding arrangements for services and operating costs that each partner must contribute, is proportionate to the partner's use of services, and operating costs in the One-stop delivery system.
Intensive Services (For an example of Intensive Services, see page 22.)	Intensive Services, WIA Section 134(d)(3), are available to eligible unemployed individuals who have completed at least one core service and have not been able to obtain employment. Intensive Services also are available to employed individuals needing additional services to obtain or retain employment that will lead to self-sufficiency.
Mobile One-Stop Unit	A vehicle or moveable unit (e.g., van or trailer) that serves as an affiliated or specialized One-Stop site by temporarily or intermittently bringing services to areas where potential clients might not otherwise obtain them.
One-Stop Customer	An individual seeking employment, education, training; or other services; and/or an employer seeking assistance with staffing needs.
One-Stop Kiosk	A WIA-funded stand-alone electronic device (such as a computer workstation) that provides remote public access to One-Stop services and/or information.

<b>Term</b>	<b>Glossary Definition for the Purpose of this Survey Only</b>
One-Stop Operator	One-Stop operators are responsible for administering the One-Stop centers. Their role may range from simply coordinating service providers in the center to being the primary provider of services at the center. The role is determined by the chief elected official. In areas where there is more than one comprehensive One-Stop Career Center, there may be separate operators for each center, or one operator for multiple centers. WIA Section 121(d).
One-Stop Partner	Local grant recipient, administrative entity, or organization that is responsible for administering the funds of one or more of the programs specified in WIA Sections 121(b)(1) and 121(b)(2). There are 19 federally mandated One-Stop partners. Many One-Stops also have additional non-mandated partners.
Service Provider	A person or organization authorized by a One-Stop Partnership, under state and federal law, to provide employment related services to One-Stop customers.
Specialized One-Stop Site	Specialized sites are One-Stop Career Centers that address specific needs (e.g., Youth Centers or Dislocated Worker Centers).
Training Services	Training services, WIA Final Rule Section 663.300 and 663.320, are available to eligible individuals who have met the requirements for Intensive Services and have not been able to obtain or retain employment. Individual Training Accounts are established to finance training based upon the individual's choice of selected training programs.
Youth Services	Youth services, WIA Section 129, are available to youth between the ages of 14 and 21 who meet specific eligibility requirements.

The survey instrument focused on gathering information in four broad categories:

- Operations;
- Public Accessibility;
- Partners/Programs/Services; and
- Outreach

**Survey Distribution and Response:**

4. Part Two of the on-line survey was distributed to all One-Stop Career Center Operators in April 2006; there were some technical errors and difficulties in completing the online survey. Technical assistance and follow up was provided by the Employment Development Department (EDD) staff.

## ***Operations***

### **One-Stop Service Points:**

The written survey asked the Local Areas to identify all of their WIA-funded One-Stop sites, or service points, including affiliated, comprehensive, kiosks, mobile units, and specialized centers. The Local Areas identified 115 facility operators (some managing facilities in more than one Local Area) with a total of 273 service sites. Of those, 148 were reported as comprehensive, 65 as affiliated, 41 as kiosk, 7 as mobile units, and 12 specialized sites. For the purposes of this report, the kiosks will not be included in all percentages provided, but specific information may be made available upon request.

The service site operators report falling into the following categories:

- Adult Education
- City Government
- Community-Based Organizations
- Community Colleges
- Consortium
- County Government
- County Office of Education
- Employment Development Department
- Employment and Training Agency
- K12 School District
- Workers Compensation
- Private Non-Profit
- Private-for-Profit
- Public-for-profit
- Labor Union

The three categories representing those facility operators overseeing the largest numbers of One-Stop Career Centers are identified as Employment Training Agencies; Community-Based Organizations; and/or County Government.

## **One-Stop Operators:**

There are 115 One-Stop Career Center facility operators identified in Phase One of the survey. Of those, 110 participated in this survey. Some operators have contracts with more than one Local Area and there are four facilities that show up in two different Local Workforce Investment Areas.

The diversity of California's One-Stop Career Center System is reflected in the facility operator numbers. There are 96 facility operators who operate three or fewer One-Stop Career Center sites. 179 sites reported serving urban areas, and 93 reported serving rural areas.

In 28 of the responding Local Areas there is only one operator for all of the sites. That leaves 22 Local Areas with more than one operator. Los Angeles County, and Los Angeles City reported having the largest number of operators, with 19 and 18, respectively.

Some operators manage facilities in more than one local area. Operators were not asked to provide information on how they were selected, e.g., whether they were designated through a competitive bid process or a non-competitive process.

Of the Local Areas who responded, 34 areas reported having a certification process in place.

**One-Stop Career Centers that have a Process in Place to Gather Customer Information**

	<b>Facility Count</b> (Kiosks Excluded)	
Swipe card	167	72%
Collect social security numbers	113	49%

**One-Stop Career Centers with Onsite Customer Count Processes in Place**

<b>Status</b>	<b>Facility Count</b>	<b>Overall</b>
Process in place	40	15%
Process not established	232	85%

Youth Opportunity Grant	35 (15%)	21.60	13	6%

In addition to the above listed programs, there were many others included in an “other” category, some with as few as one center providing the program. A sampling of these services includes: Independent Living Program; Military Recruitment; International Health Worker; and Senior Employment Training.

<b>Child Care</b>		
<b>Status</b>	<b>Facility Count</b> (Kiosks Excluded)	
Not offered	208	90%
Free Onsite	16	7%
Free Offsite	13	6%

<b>Veterans Priority of Service Provided</b> (Kiosks Excluded)
<b>Facility Count of Those That Responded</b>
139
While all sites provide veterans priority of service, as federally mandated, they reported that they do so in various ways. For example, some One-Stop Career Centers indicated that they refer veterans to Employment Development Department representatives who are designated to provide services to veterans and/or to all resources available through local partners.

<b>Low Income Priority of Services Provided</b>
<b>Facility Count of those that Responded Yes</b>
169
Priority of service was reportedly provided in a variety of ways, including: <ul style="list-style-type: none"> <li>• Determined through WIA eligibility</li> <li>• Referrals to partner agencies, including county social services</li> <li>• In-house services specifically designed for low income individuals</li> </ul>

<b>Unemployment Insurance Assistance Provided</b> (Kiosks Excluded)			
<b>Assist Customers in filing</b>		<b>Dedicated UI Phone Onsite</b>

Other barriers to employment	134	58%
Recipients of public assistance and other low income	153	66%

**PART IV:**

**FUTURE OPPORTUNITIES**

Part IV of the One-Stop Career Center Survey Project Report includes “Planned Significant Changes” by some of the One-Stop Career Centers and “Promising Practices” to share with policymakers.

<b>Planned Significant Changes</b>	
Local Workforce Investment Boards Reporting Planned Changes	25 (50%)
Changes anticipated include: <ul style="list-style-type: none"><li>• Moving to fee-based services</li><li>• Expanding business services</li><li>• Increased vocational training</li><li>• Co-located youth and senior services</li><li>• Providing human resources services to small businesses</li><li>• Targeting employer incentives</li><li>• Working toward a universal application/system</li><li>• Adding a homeless employment center</li><li>• Creating a virtual One-Stop Career Center online for employers and job-seekers</li><li>• New outreach programs</li></ul>	

## Promising Practices

Highlights include:

- Specialized supports for the homeless; disabled; ex-offenders; non-custodial parents; economically disadvantaged; and underrepresented populations
- Family services team providing a holistic approach
- Funding for basic computer skills
- Youth specific career center
- Providing services to more than 4000 people per month (at a single site)
- Bilingual case managers
- Mobile unit that is accessible and has multi-lingual staff
- Paid work experience opportunities
- Assistance with power bills, food, clothing, jobs, housing, childcare
- Translation of printed materials
- Provide in-home services for foster youth
- Business Information Center to assist with start up or existing small businesses
- Many significant employer relationships, e.g., placement of 400 with California's American Automobile Association
- Web site dedicated to employer

## **ACKNOWLEDGEMENTS**

This project required participation from both State partners and California's Local Workforce Investment Areas.

The Employment Development Department's (EDD) Workforce Services Branch assumed the lead for the project, with the Labor Market Information Division (LMID) providing the technical support throughout the project.

Roni Armstrong of the Workforce Services Branch was the lead staff person on the development of the survey, with assistance from Joe Carleton and Brian Connors. The LMID took on the task of automating the survey in an effort to streamline the process for those participating. Nancy Gemignani was the lead in this effort, and along with Felix Ho, developed the technical side of the survey and guided their team through the process of completing the survey.

The project team extends its gratitude to California's Local Workforce Investment Areas (Local Areas) for their willingness to devote substantial staff time and to candidly share information about their respective One-Stop Career Center Systems. With a substantial response rate, the Local Areas demonstrated their commitment to the ongoing development and improvement of California's One-Stop Career Center System.

This project would not have been possible without the assistance of EDD's Regional Advisors—conduits to the local areas—and they deserve special recognition for their assistance and patience in completing the first One-Stop automated survey.

As noted in the Executive Summary, the purpose of the One-Stop Career Center Survey Project was to collect basic information about the One-Stop Career Center system within California’s 50 local areas. The survey information provides a “snapshot in time.”
