SUBJECT: Business Focus Groups 2007

PROPOSED MOTION(S): For information only.

DISCUSSION: Business focus groups will be held in late September and early October. There are three goals for these focus groups: a) to provide businesses with an overview of services they can expect at Worknet and highlight the value of services currently being offered, b) provide businesses an opportunity to share their current and future business needs, and c) offer details about the fee for services currently implemented at Worknet. Overall, these focus groups are designed to derive input and direction as to how we can better serve the business community. The answers from these focus groups will be used to modify/enhance present fee for services ordinances.
