For Discussion

SUBJECT: Program Year 2009/2010 Final Performance Measures

PROPOSED MOTION(S): Information only.

DISCUSSION: The Workforce Investment Act specifies 9 common performance measures. The final performance for the Merced County Workforce Investment Area for Program Year 2008/2009 is attached.

The Local Workforce Investment Area of Merced met or surpassed 8 of the 9 performance measures. If a Local Workforce Investment Area (LWIA) meets 80% of the state assigned performance recommendation, they are considered to have met that measure. If a LWIA exceeds 100% of the state assigned performance recommendation, they are considered to have exceeded that measure. The measure that was not met is the youth literacy and numeracy goal.

Note: The State issued these goals after the close of the fiscal year. There was a letter sent to the State from the WIB asking for more reasonable goals as there was a 166% increase in the numeracy and literacy goal from the previous year. There were no accommodations made by the State on this matter.
