Technology of Participation Training

July 12th & 13th, 2010

8:30—5:00 p.m.

The Technology of Participation (ToP®) teaches team members how to collaborate on projects and group facilitators how to effectively lead their team.

ToP® provides methods that:

- Recognize and honor contributions of all
- Let a group deal with more data in less time
- Pool individual contributions into larger more informative patterns

Location: Dept. of Workforce Investment
