Meeting Notes

SUBJECT: Youth Council Membership Application

PROPOSED MOTION(S): Approve Standardized Youth Council Application

DISCUSSION:

The Youth Council currently utilizes a much copied application which does not present a professional image. It also does not include areas for additional information concerning interests and experience which can be utilized for assignment to standing committees.

The standardized application provides a more professional image, will allow the collection of valuable information about the applicant and presents information about the youth council to the prospective member.

ATTACHMENT(S): Youth Council Application, flow chart and council information packet.
