YOUTH COUNCIL MINUTES
DECEMBER 8,2000

Procurement:

Discussion ensued about the unsolicited proposal submitted by the Community Action Agency to provide year-round services to older youth (ages 19-21). The staff recommendation to the Youth council was to “not act on this proposal” since it did not originate as the result of a competitive process as required by both the Act and final regulations.

The question was then asked why the staff did recommend funding of the CISCO Academy Projects in Delhi and Dos Palos, and yet recommend not to fund the Community Action Agency. Some discussion then ensued about the difference in the projects and procurement criteria for youth funding. The Youth Council Chair committed to have staff develop a presentation on youth procurement to be presented at the January 2001 meeting.
