FROM: Operations Committee

For Action

For Information

For Discussion

SUBJECT: Contract Extension, Out-of-School Program

PROPOSED MOTION(S): The contract for Out-of-School youth with Jobs for California Graduates be extended for one year, beginning July 1, 2003, contingent upon availability of funds.

DISCUSSION: The contract (#2002105) requires that a recommendation concerning contract extension be made to the Youth Council in the 10th month after program startup. It is believed by the Operations Committee that JCG has performed within the requirements of the contract and is continually improving. It is predicted that JCG will enrolled the required numbers of youth. Although the monitoring of the program is not complete, the program has been found to be solid and in compliance.

It is recommended that the Out-of-School contract with Jobs for California Graduates be renewed for one year beginning July 1, 2003 contingent upon availability of funds. The Operations Committee will be actively involved during the negotiation phase of contract extension.
