

TO: Youth Council

DATE: March 12, 2003

FROM: Operations Committee

For Action

For Information

For Discussion

SUBJECT: 501c3 Status

PROPOSED MOTION(S): That the Youth Council encourage the Workforce Investment Board to continue with the appointment of a citizens group to direct and fund the creation of a 501c3 qualified corporate entity, whose goal will be to pursue grants on behalf of shifting coalitions of local service providers.

DISCUSSION: The Youth Council has been discussing the feasibility of becoming a 501c3 corporate entity. Since that discussion began, other local organizations have also begun the pursuit. The Operations Committee feels that the needs of the Youth Council could best be served by allying with the WIB and its present efforts to explore 501c3 corporate status through a coalition of local service providers. Feasibility data should be available by mid-summer.
