For Information

For Discussion

SUBJECT: Consolidation of Subcommittees

PROPOSED MOTION(S): That the Youth Council eliminate the Business, Education and Community Partners subcommittee and integrate its members and goals into the remaining three subcommittees.

DISCUSSION: The current Business, Education & Community Partners Committee has shrunk to five (5) members. Its goals closely align with the Marketing & Outreach Committee. The workload of the Marketing & Outreach Committee has recently reduced because of the completion of the Marketing Plan and the fact of tight dollars eliminating most marketing efforts. It is expected to grow if the Youth Council accepts the challenge of managing the Youth Employability Card Program.

The Youth Council can easily accomplish its goals with three standing committees. During its April 3, 2003 meeting, the Business, Education & Community Partners Committee requested that the Council consider this motion.
