 Meeting Notes

SUBJECT: Needs Assessment & Gap Analysis Board of Supervisors Presentation

PROPOSED MOTION: Information Only

DISCUSSION: Ms. Nellie McGarry, Youth Council Chair, and Mr. Jerry Johnson, Planning and Quality Assurance Committee Chair, formally presented the Needs Assessment Survey and resulting Asset Map and Gap Analysis publications to the Merced County Board of Supervisors on March 19, 2002.

As a result of this presentation, the Youth Council and Planning and Quality Assurance Committee may now distribute the Asset Map and Gap Analysis to the seven communities affected by the survey and gap analysis.

This will be done by the committee and will consist of a formal presentation to the appropriate city councils and other governmental agencies.

Since asset mapping and gap analysis are dynamic processes, additional surveying of the needs of Merced County's youth and determining the available resources to meet those needs will continue. The Youth Council will provide assistance, within the limits of its resources, to assist communities in filling the asset needs identified.
