 Meeting Notes

SUBJECT: Youth Expo 2003

PROPOSED MOTION: That the Youth Council agree to host the Youth Expo 2003 to be held in the fall.

DISCUSSION: For several years the Merced Community Forum has hosted numerous workshops on how to access government. Last year, the format was changed and focused on workshops that were geared toward "youth". The forum was hosted by the Human Services Agency with help from County educators and community organizations. The Youth Council had minimal representation, mainly through participation from Nellie McGarry and Gary Derr (staff).

The Forum group is now asking if the Youth Council will take over hosting this year's event. Scott Pettigrove from HSA has agreed to provide all the documentation from this past year's event, as well as any required technical assistance.
