**SUBJECT: Youth Council Goal #2**

**PROPOSED MOTION: That the Youth Council accept the proposed change to Youth Council Goal #2.**

**DISCUSSION: Goal #2 – “Advocate and communicate the use of Youth Development Standards (in conjunction with the community’s principles and practices) to all programs within 24 months.”**

**The Outreach and Education Committee suggests the following rewrite:**

**“Advocate and communicate the use of youth development to business/education leaders and to all youth programs within the community. Assure that all WIA youth providers are clear advocates of youth development.”**

**This rewrite eliminates the time factor, reflects a target population, and lends credibility to the continued requirement for youth development in WIA youth programs.**
