SUBJECT: Change Youth Council Meeting Date and Time

PROPOSED MOTION: Youth Council monthly meeting date and time be changed to the 2nd Wednesday of each month, and meeting time changed to 4:00 p.m. This change to become effective in January 2003.

DISCUSSION: For over one year, discussion in the Youth Council has centered on the meeting date and time to better enable youth to fully participate as members of the council. During the September 13, 2002 Youth Council meeting, staff was directed to place the matter on the October 11, 2002 Youth Council meeting agenda.

The Marketing and Leadership Committee's mission statement requires that they outreach to youth, recruit them for membership on the council and develop their leadership talents while members of the council. The committee feels these objectives have not been attained nor will they be attainable unless the Youth Council meets at a time conducive for school-age members.
