Meeting Notes

SUBJECT: Expenditure on Youth Employability Card

PROPOSED MOTION(S): Information Only

DISCUSSION: The Merced County Youth Employability Card Program is presently being partly administered through the Workforce Investment Board (WIB) Education and Employers Committee. The committee is collaborating with the Youth Council to ensure the program's success. During its October 7, 2002 meeting, the WIB Executive Committee, which has the Youth Council Chair and another Youth Council member as committee members, agreed to expend \$10,000 of youth funds on the Employability Card program. It also directed the WIB to expend those funds through the Education and Employers Committee. It is felt that this approach will allow the program to have a consolidation of direction and make maximum use of funds. The WIB is also contributing \$12,500, other than youth funds, to the project.
