**SUBJECT: Unsolicited Proposal from Merced Community Action Agency**

**PROPOSED MOTION(s): None**

**DISCUSSION:**

The Private Industry Training Department has received an unsolicited proposal from the Merced Community Action Agency to provide year-round services to older youth (ages 19-21) in Merced County.

While this appears to be a well-developed proposal that provides meaningful Services, the law and regulations regarding selection of youth providers state that the awarding of grants or contracts to providers of youth activities must be on a competitive basis-based on the recommendations of the Youth Council.

Therefore, the staff must recommend that the Youth Council not act on this Proposal.

**OTHER CONSIDERATIONS: NONE**

**ATTACHMENTS: From the Workforce Investment Act will be available at the Council.**
