FROM: Youth Council Staff

For Action

For Information

For Discussion

SUBJECT: ROP Career Industry Days

PROPOSED MOTION(S): Information only.

DISCUSSION: A request for support for the ROP Career Industry Days for Agriculture and Healthcare was made during the Youth Council's November 2005 meeting. The WIB and Youth Council Chairs felt that the WIB could financially support the two events since Ag Manufacturing and Healthcare are selected "Industry Clusters."

A request for an unspecified amount of funding was presented to the WIB's Program Planning & Development Committee on January 26, 2006, but no quorum was present. It is to be presented to the WIB Executive Committee, Monday, February 6, 2006. A verbal report on that Committee's action will be presented to the Youth Council.
